

## Jesus, You Wouldn't Mind .....???

Jesus, I know you told us the customs of the heathen are vain and not to learn the way of the heathen, and I know that you told us that philosophy—philos: affection, sophia-wisdom, love of wisdom, vain-deceit, and traditions of men, and the rudiments of this world will spoil us and lead us into captivity (darkness) if we follow these traditions, and Jesus, I realize you told us not to add or diminish from your word (Deut. 4:12,18) and I know you said your word is pure (Prov 30:5, 17:27) and Jesus, I understand you said your word is unchangeable (Malachi 3:6) BUT you won't mind if we keep a drunken festival in your honor, as long as we change the name so it sounds kinda Christian, even if it is fire worship, You won't mind will you?

Now Jesus, we're not gonna be able to stop the drunks and the pagan worshippers from continuing to keep their ancient customs, and there will still be a record number of suicides this time of the year, and the poor will feel oppressed, But, we'll take a dinner to them, at x-mass time, & tell em "we'll be back next year" And Jesus there will be record number of wrecks from drunk drivers, and the liquor stores will be thrilled to see the season come, and "playboy" puts out a special Christmas edition. Adultery will run rampant as husbands and wives abandon their vows at parties. And you'll be real happy when you hear my idea! We've gone back into history and found fire worshippers of ancient world, who had a festival that started Dec. 17 til Dec 25 the birthday of their fire god, (Hercules—Mythras—Nimrod) and they worshipped pagan gods.

Jesus, Here's my idea!

We're gonna take this drunken festival, they call "festival of Saturn" or "Saturnalia" and we're gonna put your name on it, and we'll call it Christ Mass, but we'll drop an "S" to disguise it, OK? They offered their children in the fire and ate them, but I assure you, that even though most of the world will be celebrating this festival, the same way they've done thousands of years before you were born, I want you to believe me when I tell you, WE WON'T DO IT THAT WAY. And when they ask us why we're dragging the church into doing something so evil, I'll tell them "we don't do it that way, we're using Paganism to glorify God!" Jesus, doesn't that make you happy? You don't mind, do you? After all, Preachers say, "it's okay, as long as we use this pagan festival to spread the gospel". If they say it, You won't mind, will you? I promise Jesus, we're not gonna keep the customs of the heathen like they keep them. We're gonna keep them different. **You won't mind if we do this, will you Jesus?**
